CORE SKILLS

Cybersecurity
- Penetration Testing (Kali Linux)
- Vulnerability Assessment
- Threat Hunting
- Network Forensics

Network Defense
- IDS/IPS Deployment
- Linux Firewall (iptables)
- Packet Analysis & DPI

Programming
- Python (security tools)
- Bash scripting
- Tkinter (GUI)

Systems & Networking
- Linux Administration
- TCP/IP, UDP, ICMP
- OSI Model
- MS Office

LANGUAGES

Arabic — Native
English — Reading & Writing

PROFILE

Network Security graduate (B.Sc., Al-Hussein Bin Talal University) with hands-on experience in network defense, intrusion detection and ethical hacking. Built a Python-based IDS/IPS that detects attacks and blocks malicious IPs in real time. Seeking an entry-level SOC, network security or threat analysis role.

EXPERIENCE

Contact Moderator May 2026 – Jul 2026
CSmena | 2 months

- Reviewed and moderated incoming contacts and user content, applying platform guidelines consistently.
- Identified spam, suspicious activity and policy violations, and escalated cases to the relevant team.
- Responded to user inquiries accurately and professionally in a fast-paced environment.
- Documented cases and followed set procedures, building attention to detail and sound judgment.

KEY PROJECT

Hybrid Network IDS/IPS with Real-Time Monitoring
Graduation Project | GitHub: Network-IDS-IPS-Project

- Built a multithreaded packet-sniffing engine in Python to monitor live network traffic.
- Implemented automated attack detection with real-time IP blocking using iptables.
- Developed a GUI dashboard (Tkinter) for traffic visualization and attack alerts.
- Detected and mitigated DoS and port-scanning attacks during testing.

EDUCATION

B.Sc. Network Security & Information Engineering 2021 – 2026
Al-Hussein Bin Talal University, Jordan

General Secondary Examination 2020 – 2021

CERTIFICATIONS & TRAINING

- Ethical Hacking Specialist Training (50 hours)
- Capture The Flag (CTF) Cybersecurity Workshops

STRENGTHS

- Strong analytical and problem-solving skills
- Fast learner of new security tools and frameworks
- Team player with clear technical communication
